

DIRECT DEPOSIT TUTORIAL

Questions about Direct Deposit.

Q.1 Which account can Direct Deposit be used to load ?

This method can be used to load

- Cashapp,
- All USA Bank accounts,
- Simple Bank &
- all prepaid accounts.

Q.2 How long does Direct deposit take to reflect in account ?

Direct deposit takes 2 business days to reflect inside account.

Q.3 What is the daily limit to load account with Direct deposit?

Every account has its limit but you can send out \$20k daily limit for all accounts with direct deposit method, that means every single day; you can cash \$20k out, don't be greedy to do more, might get locked.

Q.4 Does Direct Deposit Charge back ?

No it doesn't charge back but will advise you to withdraw the money the moment it reflects, if you load cashapp too will advise you to convert the cash to btc and withdraw immediately, money left in account for long is risky.

Q.5 Is email access necessary when getting logs for direct deposit?

Yes the most important info needed to do a direct deposit is email access of the log because they will ask for code to be sent to email before you can login the account and sometimes they will need code to email before transaction is accepted.

Q.6 Is Chase, Suntrust and Wellsfargo bank log good for sending out direct deposit?

No, such logs have bill pay option but they don't have direct deposit option, if you try to send out bill pay from these banks, account gets locked next day and transfer gets canceled so don't waste your btc on it

Q.7 What banks are good for direct deposit?

- Huntington bank
- Woodforest bank
- FNBO bank
- Bluefcu Bank
- Hills bank
- Principal bank

•Even tho the name sounds a bit tough,it's very easy to do and is all about adding the receiver or person to receive the money as "payee" and then sending payment to that "payee".

•All banks have bill pay options but only the few banks below have direct deposit in addition to their bill payment and are also best for loading prepaid banks/cards

- Huntington bank
- Woodforest bank
- FNBO bank
- Bluefcu Bank
- Hills bank
- Principal bank

•Few Prepaid banks or cards that can be loaded

- | • Cashapp
- | • Netspend
- | • Card.com
- | • Greendot
- | • Walmart Moneycard

- ||• Vanilla Cards
- ||• MOVO
- ||• Bluebird
- ||• Simple Bank

Etc.....

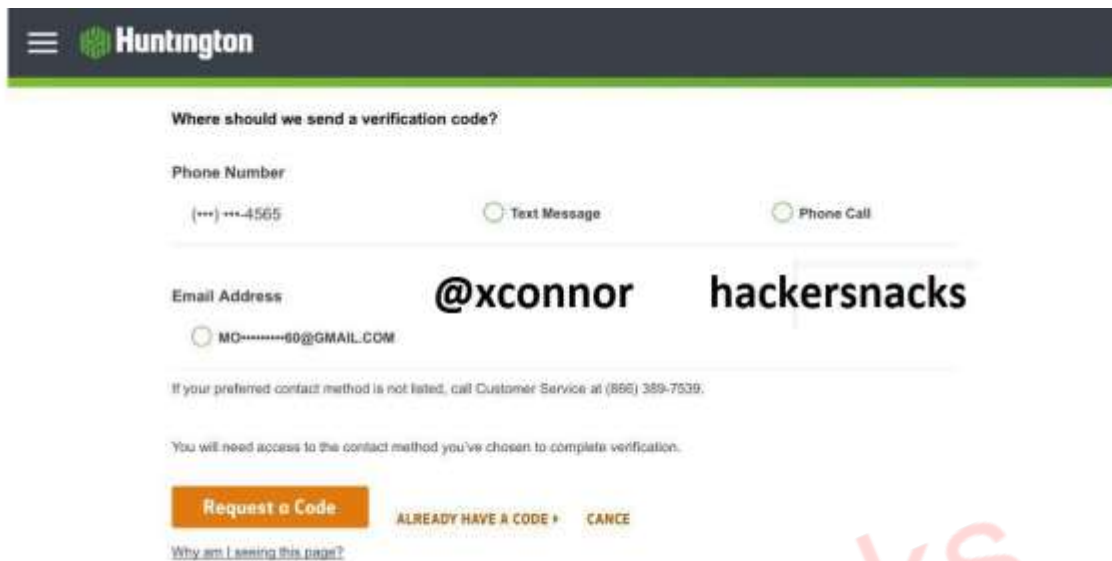

I have a Huntington Bank login with me so that is what am using for the tutorials. Above banks can do this same direct deposit loading!!!

1• First of all, you connect your socks, rdp or vpn and then login the hacked bank account info you bought.

Bill Pay
When you schedule a payment before 4:00 p.m. ET on a typical weekday (i.e., a business day), the money is withdrawn and sent to your payee same day. After 4:00 p.m. ET or on weekends and federal holidays, the money is withdrawn and sent the following business day.

What does "Deliver By" mean?
The date we anticipate your payment will reach your payee. As a guideline, we say that's up to 2 business days for electronic payments and up to 3 business days for mail payments.

Credit Card
Huntington credit card payments are applied same day. Allow up to 2 business days for your payment to display.

9. Fill the info as have done above, with the name you can put any name there, don't really matter, put your client phone number there. Now here is the trick: Tick the small box there, that is the option for Direct Deposit and it's the only banks which do Direct Deposit that gives that option.
